

June 2, 2010

Parents:

I am very excited about the upcoming school year. I am looking forward to getting to know you and your child.

Our goal is to provide a warm and **nurturing** environment. We will provide age appropriate activities to promote knowledge and exploration in math, science, language arts, music, movement and dramatic play. Our environment will assist with the development of your child's physical, cognitive and social skills.

As you prepare your child for the three-year-old classroom, please note the following:

We encourage parents to have children potty-trained by the beginning of the school year.

During the first week of school, you may wish to walk your child to class. However, it is strongly recommended that you allow your child to exit through the morning carpool line after the first week.

Punctuality is very important. School begins at 8:15am (preschool included).

Please utilize the designated parking areas when coming into the school office. It is important to keep carpool traffic flowing smoothly.

The mornings are often hectic. If you would like to discuss particulars regarding your child or have questions/concerns, please schedule a time to meet with me after 12:15. Conferences may be scheduled through the school office.

I encourage parent participation and interaction throughout the school year. Please let me know if you would be interested in sharing stories or perhaps participating in a special activity with the class. I am looking forward to an exciting 2010-2011 school year with you and your child.

Sincerely,

Kathy Cohen
