

Summer Math Assignment

Dear Parents:

Certain math skills are like tools in a toolbox. Having those “tools” readily available in good condition allows students to complete math work easily and correctly.

Attached are samples of the skill sheets necessary for each grade level. Please make copies for the students to use as practice.

All Math students will be tested during the first week of school on the basic skills listed below.

5th Grade: 100 Multiplication Facts Through 12 x12

6th Grade: 100 Multiplication Facts Through 12 x12

6th Grade Fraction/Decimal Equivalents

7th Grade: 100 Multiplication Facts Through 12 x12

7th Grade Fraction/Decimal Equivalents

8th Grade: 100 Multiplication Facts Through 12 x12

7th Grade Fraction/Decimal Equivalents

8th Grade List of Perfect Squares
