

Dear Family,

Thank you for your continued support! I'm excited to share a set of activities and workbook pages for you to use with your rising second grader over the summer. This packet includes a review of the material we covered this past school year. Also attached is a set of Dolch words for your child to practice.

In addition to these activities, I encourage you to visit your local library and check out plenty of books. Studies show that students who read during the summer tend to retain more of what they've learned during the school year.

Wishing you a happy summer filled with learning!

Sincerely,

A handwritten signature in cursive script that reads "Diane Robinson".
