

# RAMBAM DAY SCHOOL

CHALLENGING ACADEMICS | CORE VALUES | LEADERSHIP

### Message from the Principal...

As Passover approaches we learn that this month of Nissan is a month of freedom. Freedom from what or to do what? Are we not free?

There is a spiritual aura of freedom in this month, which means we have an additional ability to free ourselves from the traits that pull us to not act our best. Let's utilize this additional, spiritual strength that is ours for the taking...

Rambam Day School Night Fundraiser!

### Rabbi Gold's Chumash Class

Rabbi Gold's Chumash class completed Parshas Shelach. The students celebrated with a Syum (party). They each brought a food that connected to what they learned in the parsha. They also shared interesting things they learned. Here are some of the results.

Ariella- Caramell M&M's- because the blue ones are the color of Tzitzis.

Shani- chocolate Pebbles cereal - The people stoned the person who was chopping wood on Shabbos.

Elli- brought something that required the brocha of "shahakol". The last word in that bracha is "bedvoro", which means, "His words", everything He says is perfect, and the spies said the land of Israel is not perfect.

Rena- Blue sour sticks- Techales (color of some tzitzis) is blue.

Ben- striped cookies- They look like Tzitzis.

Ahrela - M&Ms - he brought 12 packages because there were 12 spies that went to check out the land of Israel.

Yirmi - Soda - It says that the people will die in the desert and their bodies will rot just like soda makes your teeth rot.

#### **Interesting things we learned.**

Devora- I thought it was interesting that we learned that 10 people make up a congregation, because there were 10 spies that gave a bad report about the land of Israel.

Moshe- we learned from the spies that however you view yourself that is how people will view you.

Michael- Techales is a green or blue color that comes from a fish.

Shai- The Jewish court would stone somebody outside the camp.

---

## **History for Grades 5<sup>th</sup> through 8<sup>th</sup>**

**Fifth grade** is finishing a chapter on the US becoming a world power. We talked about how the United States gained more lands by buying Alaska from the Russians and by annexing the islands of Hawaii.

We discussed the Spanish American War and the idea of isolationism which battled the desire for expansionism.

Students know the M.A.I.N. reasons the US became involved in World War I and the outcome of the war and its effect on

Americans.

In finishing our chapter, we discussed the causes and the various events of World War II and the Holocaust.

**Sixth grade** just finished a chapter on the ancient civilizations of the Americas; North America, Central America, and South America. Our next chapter will be an in depth look at some of the most important dynasties of China; their rule, religion, and culture.

**Seventh grade** is finishing their work on the Jacksonian Era. They now understand the complex President he was during his time in office. They learned how he appealed to the everyday people of America as he was “one of them”; he was not a wealthy man as many other previous Presidents had been. Jackson was the President for the common man. During his presidency, more men were given the right to vote which created a spirit of equality for the white American men. Jackson’s presidency was also marred by an unspeakable error in judgement which ended in tragedy for many of America’s Native peoples with the Indian Removal Act and the Trail of Tears.

**Eighth grade**, students are learning the same information as the fifth grade but with a more in depth approach. They too know the M.A.I.N. causes for World War I and how the US engaged in expansionism during a time of isolationist ideals.

---

### **BETTER TOGETHER PROGRAM**

Each Eighth grader presented his/her interview presentation poster to their residents. The residents were THRILLED and so TOUCHED!

---

### Days of Learning

2 weeks of learning in gratitude to Richard and Merry, for their hachnasat orchim and for making us feel welcome in Savannah. Sponsored By: Jason and Nechama Lurie

A week of learning in honor of Stacy Krapf, wishing you a refuah shleima. May your back be better soon! Lovingly Sponsored By: "Your bag ladies"!
