Parent and Student Handbook

Mission Statement

The mission of Rambam Day School is to provide a secular and Judaic education for the Jewish children of the community; thus, creating extraordinary experiences in understanding their role in society and their Jewish heritage.

Nut Free School

Rambam determines based on the student body whether it is **NUT FREE**. **Due to Pre-school, Elementary School and Middle School being in three different buildings; we could have peanut butter allowed in one place and not another. Each year we will notify the parent body about the policy.**

2021-2022 – PEANUT FREE IN ALL BUILDINGS!

Admissions

Applications for admission may be obtained in the school office. Applications must be completed, signed and accompanied by all applicable fees to be valid. For students applying to grades one through eight, the application must also include complete transcripts of prior academic records and standardized test scores or a signed release form to obtain those records as well as complete immunization records. *Students will be permitted to attend classes ONLY if they have a completed registration form and emergency information on file in the office, and a current immunization record for each of their children.*

Rambam Day School does not discriminate based on a student's religion, race, color, national or ethnic origin. The ADA (Americans with Disabilities Act) requires that childcare providers not discriminate against persons with disabilities based on disability, that is, that we provide children and parents with disabilities with an equal opportunity to participate in the school's programs and services. Specifically: Rambam Day School will not exclude children with disabilities from our program unless their presence will pose a *direct threat* to the health or safety of others or require a *fundamental alteration* of the program. After consultation and review with parents, educational and medical professionals, the administration of Rambam Day School will make the determination as to whether or not a child could benefit from services agreed upon.

DEVELOPMENTAL SCREENING

In order to ensure that the needs of each child can be met through our program, you may be asked for your child to take a developmental screening before attending Rambam Day School. Once completed we will share the results with the family. Research shows that observation and documentation about development increases the detection of developmental delays or learning difficulties. Initial screening of children will give us a baseline and allow us to individualize instruction to support each child, to identify possible special needs or learning difficulties, and to meet program accountability requirements in the state of Georgia.

Early Childhood Education Programs are available for children two years old and older. Admission is based upon available space.

A sheet with the amounts for Extended Day is located on the last page of the handbook.

TEACHER CHANGE/TRANSITION

Rambam seeks to minimize changes of staff during the school year so that children and families can maintain a sense of comfort and security that a familiar and consistent face brings to our learning environment. If a change of a lead teacher is necessary during the school year, we will make every effort to prepare the children and make the transition as smooth as possible. We will inform the parents if such change will be taking place.

- An email will be sent to the affected parents.
- The new staff member will be introduced during school hours.
- If time permits, the new staff member will visit the classroom prior to become familiar with the children and practices already in place (though some may change)

Should a teacher need to leave suddenly; Rambam will make every effort to hire a new staff member as soon as possible. In the meantime, quality staff or substitutes will fill in.

PRE-SCHOOL

WELLNESS POLICY

Pre-school (2Y-Pre-K) will engage in at least 30 minutes of structured physical activity each day. A day being 8:00AM-12:00PM. Children will be given ample opportunities to develop movement skills that will serve as the building blocks for future motor skillfulness and physical activity. Our children will have access to indoor and outdoor areas that meet or exceed recommended safety standards for performing large-muscle activities. Our children will experience structured and unstructured physical activity and movement skills. Our Preschoolers will be encouraged to develop competence in fundamental motor skills that will serve as the building blocks for their future motor skillfulness and physical activity.

(GREAT SITE FOR KIDS -<http://pancakemanor.com/lets-get-fit/> Time for some FITNESS! Follow along with Zach as he talks you through this super fun musical workout just for toddlers!)

Diapering

Children will be changed on a changing table being used only for this purpose. All changing procedures: the diaper changing surface, disinfecting, supervision, disposal of diapers and hygiene shall strictly follow the regulations of Bright From the Start. Any teacher that is changing a child will wash their hands before and after changing the child. The child's hands will be washed with warm water and soap after they have been changed. The changing table is covered with a disposable changing table liner that is replaced after each use or is wiped down based on BFTS regulations.

Diapering Con't.

Please supply the school with one package of diapers and one container of wipes (that do not say KEEP OUT OF REACH OF CHILDREN, except in relation to the actual packaging and not the wipes themselves). You will receive a notice in your child's book bag when your supply needs to be replenished. If your child shows signs of being ready to be toilet trained, we will begin the process after speaking with you and ask for your support at home.

If your child needs diaper ointment at any given time you must supply the ointment and sign a medication form.

Toilet Training

We prefer that children entering 3y be toilet trained. Should your child not be toilet trained, our professionals will certainly work with you to assist your child in becoming toilet trained.

Please make sure to supply diapers (a full bag of diapers and a full container of wipes – Walmart brand, as it does not say KEEP OUT OF REACH OF CHILDREN), or training pants (three pairs), whichever is applicable. *User friendly* clothing would be helpful.

Each child should have one complete change of clothing at school that fits and is weather appropriate. If your child is toilet trained, they will be taken to the bathroom twice daily and as needed.

Pre-School Discipline

We maintain a positive discipline policy, which focuses on redirection, prevention and consistency. We expect our professionals to be warm yet firm when necessary. Children will be given encouragement for appropriate behavior and every effort will be made to redirect the child to another activity.

Professionals are expected to discuss any discipline concerns they may have with your child and parents are expected to communicate to professionals any concerns they may have concerning discipline. Please address all questions and concerns to lead teachers and **NOT** assistants.

It is strongly suggested that children not bring toys from home to school (except on "sharing day" – any type of weapon is absolutely forbidden. When children bring toys to school (of which they are the *owner*) it creates all kinds of challenges with children sharing. The most appropriate time for a child to bring a toy to school is for Show and Tell.

Clothing

All pre-school children (2Y through Pre-K) should have a change of clothing in school current with the climate.

Diapers

It is **strongly** preferred that in 3y children are toilet trained. In 2y and 3y all children in diapers need to have a supply of diapers (one full package) and wipes (that do not say keep out of reach of children).

2y Parents

The first few days of school, we expect parents will bring their children to the classroom (sign them in) and then visit for a few minutes (**Covid-19 permitting**). At an appointed time (most likely after the first several days) chosen by the teacher, parents will be asked to drop their child off in the carpool line (sign them in with the professional on carpool duty), and not bring them in to the classroom. This procedure helps every child become more accustomed to being separated from their parent.

Required Posted Notices

In the building housing 2Y through Pre-K, the following notices are posted for parental information: A copy of the school's current license, notice that a parent has the right to request to see the school's most recent licensure evaluation report, a current communicable disease chart, a statement allowing parents access to all school areas used by their child upon notifying the office of their presence, the name of those in charge when the administration is absent, a current week's snack menu, emergency plans for severe weather and fire, a statement requiring visitors to check in with the office when entering the school and no smoking signs.

All Grades/Illness

Do not bring sick children to school. If your child is unable to participate in the normal expectations of a school day (excluding the need to miss P.E.), they need to remain at home. Students will be readmitted to school determined by the recommendation for admission defined by the communicable disease chart.

As well, students may be required to go home according to the guidelines of Bright from the Start (which we use as a gage for all grades). Teachers will send children to the office if they don't feel well or seem not to be well and the determination to go home will be made **solely by the administration**.

Procedures for notifying parents of:

Illness: Children may not come to school or remain in school with an oral fever of 101 or higher, runny, green discharge from noses, or contagious symptoms, such as, but not limited to a rash or diarrhea or a sore throat. You will be notified via a phone call (email only if we have difficulty contacting you).

The policy of Rambam Day School is sick children will be kept in the office until a parent can pick them up from school. We will realize this is inconvenient, but we must ensure the health and wellness of all children.

Protection of Children During an Emergency: Emergency plans have been developed and posted for parental viewing.

Fire, Power Failure, Climate Control or Structural Damage: Emergency plans have been developed and posted for parental viewing.

Should your child need emergency medical attention, they will be driven in an administrator's car (Ester Y. Rabhan or Loring Wright) and taken to St. Joseph's Candler Hospital, located at 5353 Reynolds St. The phone number is 819-6000, or Memorial Health Hospital, located at 4700 Waters Ave. The phone number is 350-8000.

Medications

Any medication that is to be dispensed during school hours must be given (in its prescription bottle) to the office manager with the appropriate Medication Authorization form signed with all information filled in accurately.

Please inquire from the office if you need to sign the form for **AUTHORIZATION FOR MEDICATION**.

All medication given to children will be recorded and will include documenting any adverse reactions and parents will be notified.

Any dispensing of medication required by the school for **two weeks** must be accompanied with a doctor's written authorization, clearly stating the length of time the medication is to be taken and the times it is to be dispensed. If there are multiple prescriptions, there must be written authorization and instructions for each one.

After two weeks if the medication(s) is (are) still required, a new form must be submitted with a doctor's written authorization and instructions clearly stated.

For Elementary and Middle School - All medications that you allow your child to take (i.e. for a headache, stomachache etc.) must be provided to the school by a legal guardian of the child with written instructions. The school will not provide any oral medications.

Incidents In School

All minor incidents will be treated in school. All major incidents will be recorded on an Incident Form.

Re-Enrollment Process and Requirements

In February, an email will be sent out explaining how to register on Renweb. Your prompt attention to this process is requested to facilitate planning for the next school year.

A student will not be allowed to participate in a field trip without the proper Field Trip Form signed by a legal guardian. Rambam Day School will be using parental vehicles that meet all requirements for Bright from the Start. (Form attached at the end of this packet, titled: Rambam Day School Field Trip Permission Form). As of August 2013, new regulations regarding field trips were implemented and teachers are knowledgeable of these guidelines.

Tardiness/Early Release

Class begins at 8:15 a.m. and late students disrupt the teaching and learning process. Children leaving early for appointments etc. causes a disruption for the class and their own learning. Please make every effort to schedule appointments after school hours or between various drop off times. - Students are responsible for making-up all missed work.
- Excessive absences will be addressed by the administration.

*The office must be notified of reason for absence, or the absence will automatically be considered unexcused. Students are responsible for making-up all missed work. If a student is aware of an upcoming absence from school, the student or parent must notify teachers prior to absence. All work is to be made up and due according to teachers' requests.

Attendance Policy

Students in grades K through 8 who accumulate fifteen (15) excused or unexcused absences in a year, compromise the assurance of being promoted to the next grade level.

Please be aware of the total amount of days your child has missed and realize it can affect their success.
